

The Bible Course

The Bible course has been a huge help to our Church and promises to continue to be so. Having folk with long held faith and those new to Church, combined with a variety of points in between, we needed some material that would benefit all. This is, most certainly it.

Great presentation

Easy to use

Helping everyone develop and learn

Fun

A great blessing

Using DVD input; excellent presentations of core material; time built in for Discussion, prayer and "homework". The hope "On the tin" was fulfilled. We got "The Big Picture", we read our Bibles, or read them more than we did before. We have a greater understanding and desire to engage with God's word and we've made new friends, in our fellow travellers.

Individuals or groups small or large could use the course, we met in a home, warm, comfortable and welcoming and spent a couple of hours each week for eight sessions "Going Deeper"

Not everyone could make all the sessions, so some played catch up with the DVDs at home, which worked, all be it losing the group dynamic.

We hope to run a course each year and expect that those who've been on it will commend it to others, that was how we first got to hear about it, from one of our young dad's mum, who'd done the course elsewhere.

Laughter, tears, questions, answers, desire for more have all played a part in what has been a great journeying into a book that most of us owned but few of us knew a lot about.

We are a brand new Church of England Church and are hoping to; Go Deeper with God, grow closer in fellowship and reach out further in love, this course has helped us in a variety of ways to do all three.

We commend the Bible Course and hope, and expect, that you will enjoy it as much as we have.

God Bless you

Rev Captain Paul Niemiec C.A., B.Th.

Minister in Charge, Church of the Good Shepherd, Sandhills
