

TRANSFORMING CONVERSATIONS COACHING COURSE

AFFECTING TRANSFORMATION AND CHANGE

**High quality coaching delivered by 3D Coaching.
Subsidised for you by the Diocese of St Albans**

Our goal in delivering this Coaching Training within the Diocese of St Albans is two-fold.

Firstly, it is to equip us all with the skills and abilities to hold conversations that move others forward in their thinking and therefore help us as church communities to build robust relationships that lead to greater overall change.

Secondly, to equip leaders with the skills to facilitate smaller communities of learning within the diocese as we continue to develop new expressions of church and seek to reach those outside the traditional church.

The next two courses will be in person and are on the following dates:

22-23 Feb / 26-27 April 2022
20-21 Sept / 9-10 November 2022

To book a place, please email reachingnewpeople@stalbans.anglican.org or further information can be found on www.stalbans.anglican.org/rnp/training/coaching

WHAT OTHERS HAVE SAID...

“Putting aside 4 working days is always a challenge, but often worth it just in terms of stepping back and gaining new perspective. However, the quality of teaching is very rarely as good as we received from 3D.

In the last week I have seen myself not full on coaching, but using the principles we learnt. I know you don't need to know,

but among other things this has led to the best supervision with a colleague that we've had. I suppose the nature of your work is that you never know it's impact on Church and Kingdom. The impact is there and hugely positive.”

**THE REVD LUCY DAVIS,
ST PETER & ST PAUL
WITH ST ANDREW, FLITWICK**

“Transforming Conversations was the most usable and the highest quality training I have received in several years. I loved the practical nature of the training and being able to try things out straight away. It was so encouraging to see the journey of development as we applied the theory together over the course's duration. Since finishing the course I have

used the Coaching approach in both my Parish and as I mentor young people and other leaders. Seeing the 'light bulb moment', where I have facilitated new and transformational thinking, is unbelievably special. I would unreservedly recommend this course to anyone who wants their conversations to go up a gear.”

MRS CLAIRE BANHAM

“The course has had an impact ranging from every day pastoral encounters, to charring meetings or helping to coach people in more formal processes, I can't speak highly enough regarding

this course. Professionally delivered, and by far the most useful practical training I have had following ordination.”

REVD JOE PIENAAR
