WHY?

Inspired by the long Christian tradition of pilgrimage and the history of Christian activism, we're coordinating this as a group of young Christians seeking to mobilise the UK church as a whole in climate justice.

We hope that those in every church, regardless of age, would feel inspired to get involved as we take a stand against climate change.

WHAT?

This November, world leaders are meeting in Glasgow for important climate negotiations. We believe it's time to make decisions which protect people not bank balances, to decide that no country will go into debt tackling climate change. It's a decade-defining opportunity to make a stand.
