

Grants for new fresh expressions / mission-focussed congregations

Application Form

We are offering grants to enable the start-up of fresh expressions or mission-focussed congregations. Grants are designed to enable their development over the first three years.

Two kinds of grant are offered. The first support the development of new fresh expressions or congregations meeting monthly, with grants of up to £3,500 spread over three years:

Year One: up to £2,000
 Year Two: up to £1,000
 Year Three: up to £500

The second support the development of new fresh expressions or congregations meeting weekly, with grants of up to £14,500 spread over three years:

Year One: up to £7,000
 Year Two: up to £5,000
 Year Three: up to £2,500

Our hope is that some monthly fresh expressions or congregations will develop to meet weekly. We would be delighted to discuss future funding for this, as the need arises.
