

School Admissions and Appeals

School websites

Schools must ensure that their Admissions Arrangements for 2021/22 have been uploaded onto the school's website along with the policy for 2020/21. The policy for 2019/20 should be removed at the end of term. Any earlier policies should be removed immediately.

Admissions Policy reviews for 2022/23

Governors should be ensuring that their admissions policies are reviewed either this term or at the latest by the end of September in order to be ready to consider consultation, if need be, between 1st October 2020 and 31st January 2021.

Admissions Appeals

Appeals are continuing to be heard during the Covid-19 restrictions and now can be heard either virtually or as a paper exercise. The clerk of the appeals panel will advise you as to which process is being used. There are exemplars on the diocesan schools webpage which may help you when considering what to include in the governors' statement.

Until 7th September 2020, please address any queries to schools@stalbans.anglican.org
