

# RELAUNCH GRANTS

REACHING  
NEW  
PEOPLE

*Hope is happening, following the challenges of the last 18 months*

Do the youth in your community need a boost? We've talked to many of you who have kept things going with your Youth, under very difficult circumstances, and we want to encourage you all to celebrate being together again in person.

RNP are making some more snap grants of £250 available for you from their grant funding budget to provide the opportunity for you to gather and bless your young people/youth (11+) on the run up to Christmas. Why not encourage the young people in your church to get together with Pizza, or a Nando's takeaway, a bowling evening, etc or cook some tasty treats for them, or perhaps you need some new equipment for your youth/music group, alternatively, you could ask your young people how they would use the money to gather and support their friends at this time.

All we ask is that you provide us with photos of the event(s) and a short story about how you saw the "Hope Happening" for our young people.

To receive a grant of up to £250, simply e-mail Tricia Humber at [fxprojects@stalbans.anglican.org](mailto:fxprojects@stalbans.anglican.org) with the name of your PCC and parish, and details of the PCC's bank account (name, sort code and account number), briefly stating:-

What you are planning to use it for

When you will be using it
